Incredible View Lot

This is an incredible lot! Nothing between you and the Sangre's except huge views and a low ridge in the foreground! Rare opportunity to own a home site in Monte Sereno with great views of the Sangre de Cristo mountains on an easy-to-build walkout design, with a pre-approved set of house plans, or choose your own architect and builder and design your dream home. We have a home all designed and ready to build - and those plans are included in the price. The views of the Ski Basin and Baldy are unobstructed with no Monte Sereno homes ever being built in the site lines and will feature mountain views from every room.
